PROPRIETARIO Marco Cirese

ETTARI VITATI 9

L'azienda nasce dalla volontà di assecondare la naturale inclinazione viticola del territorio e riscoprire uno stile antico di produrre Sangiovese di Romagna. Nel 2010 Marco Cirese seleziona 7 ettari, oggi diventati 9, nella parte più alta dell'azienda di famiglia, creando uno "château" in terra romagnola. Vengono evitate intense estrazioni, elevate alcolicità e tonalità troppo concentrate, *mirando* a vini dalla struttura fine, dalla marcata personalità e che sviluppino una gradevole complessità.
